

## Share your personal greetings of the season with clients experiencing homelessness in our community

Dear Friend of Homeless ID Project,

The experience of contributing to the success of members of our community can be a deeply personal one. By supporting our SafeWallet Program throughout the month of December, you will have an opportunity to share greetings of the season directly with clients via a personalized greeting card.

For each donation to the SafeWallet Program, we will sign your name to a card, which will be distributed to clients along with a SafeWallet – used by clients to keep their documents secure as they seek an end to homelessness. Below you can see the card signed by Liam, Nita, Gloria and Sean!

To participate, support the SafeWallet program, and share your greetings directly with our clients, [click here!](#)

Thank you and have a great Holiday season!
