

2021 IMPACT REPORT

8,276
replacement
documents

The highest service levels in our 34-year history

Assisted
13,416
Individuals

PROVIDED
3,780
CLIENTS WITH SAFE
DOCUMENT STORAGE

Helped
1,360
Clients with
other services

On an average day in 2021 we saw 50 clients, provided 30 documents, provided safe storage for 15, and helped an additional 5 clients with an ID-related inquiry of some sort.

Social Return on Investment

Funded by your donations, Homeless ID Project saved the community \$24.8 million in 2021 returning \$70* for every dollar invested

Of course, not every document is used to end a client's homelessness. Let's assume a rate of 10%. According to USICH** the community spends \$30,000 annually to maintain a person homeless and on the street. Combine that with Homeless ID Project's 2021 expense of less than \$350,000, apply a bit of math and you'll see that **We're serious about our commitment to be good stewards of your support!**

NOTES: *8,276 documents; times 10%; times \$30,000 equals \$24.8 million saved. That savings divided by \$346k annual expense for 2021 results in \$71.70 saved per dollar spent. ** USICH - United States Interagency Council on Homelessness
