

MARCH 2022

## Meet Alfredo: His Success is Our Success

For Alfredo, when one door opened, another one opened as well. Like so many of our clients, Alfredo came to Homeless ID Project on the recommendation of another agency – a total of forty-nine referring agencies last year alone. We are necessarily partner-centric because our mission is to end homelessness. And while document replacement the critical first step, it is not an end in itself.

Alfredo came to us hoping to get a replacement ID having been the victim of a theft in which all of his personal belongings, including his ID, were stolen. Life on the street is difficult and having personal items lost, stolen or confiscated seems inevitable. And of course without an ID the unemployed remain idle; the homeless remain homeless.

The end of homelessness begins with help, with partners, with collaboration. With his ID replaced, Alfredo now has access to employment, housing and all of the things needed to get back on track and find stability!

## The Impact of Your Support

Here are the results for to date!

While 2021 was a record year in terms of the number of replacement documents issued and clients seen, we are now seeing:

- 1,539 documents which is a total for January and February 2022. This is 7% ahead of the 2021 total.
- At the current pace, we will see more than 14,000 individuals will seek service in 2022.

**We are honored to do this work and grateful for your support of it.**
